

S5.0 Investigating Ecosystems: The Ecosystem I have chosen to explore is... _____

		PHYSICAL what do you see?									
		Biotic Factors				Abiotic Factors				Relationships Btw Biotic and Abiotic Factors	
		producers	herbivores	omnivores	carnivores	top level carnivore/s	water	air	soil	sunlight	
what											
function											

S4.50

Impacts on the Ecosystem

human factors

natural factors

S4.75

Consequences of Impacts (colour code +/-)

on living systems

on non-living systems

on living systems

on non-living systems

immediate/short term

long term

S
strengths

what are the strengths of the interactions

W
weaknesses

what are the weaknesses of the interactions

EVALUATION

SW
so what™ ideas

so what ideas to enable living things to thrive, adapt and survive
with justification
